Technology Tips

Smart Phone (iPhone or Android)

- Depending on the size of your personal device, you may have to move the device or person closer so they are able to view and hear the leader in the video.
- Download the YouTube application on your phone for quick access to videos.
  - Note: Most smart phones will come with the YouTube app already downloaded. Look for the YouTube logo in your applications.
- Expand to full screen by selecting the icon at the bottom left corner of the screen.
- We recommend using your personal device to only play the video. Print Perfect Harmony's activity outlines, lyric sheets and visual prompts ahead of time to provide a meaningful experience for you and your participant(s).

Smart TV and Casting

Did you know that you can play videos from your PC or smart phone on your television? Some TVs use smart technology and have a featuring called casting or have the YouTube application built into the featured applications.

Note: We recommend Googling or referencing both your iPhone or Android smart phone and TVs manual for more specific information about these features, and if your devices are compatible.
