2021 SCHEDULE BREAKDOWN

Vocal Technique Sessions:

Led by Vocal Technique Coach, Catherine Walker, you will have the chance to hone your Vocal Technique during three technique-focused experiences during the week: a Vocal Technique Lecture, a small group work session, and a 15-minute private session with Catherine. Please note on the schedule that *VT sessions refers to private Vocal Technique sessions. You will receive your individual session assignments in a pre-week email - stay tuned!

Lectures, Panels and Talkbacks:

Featuring professionals from our world class Music Director and Vocal Coach team, as well as featured guests ranging from family members of Songbook legends to international musical theatre scholars, dig deeper into all aspects of the Songbook through these virtual sessions! Please note that you will miss one of these lecture-style sessions due to your small group Vocal Technique session assignment. These sessions will be recorded and you will be able to view at a later time. We will also connect you with session leaders for any follow-up questions.

Performance Skills Workshops:

Led by featured members of our Music Director and Vocal Coach team, explore some of the foundational skills and styles that are vital to performing the music of the Great American Songbook!

Guest Mentor Masterclasses:

This year's Songbook Academy features an ALL STAR line-up of celebrity guest mentors including founder, Michael Feinstein, Broadway's Telly Leung and Solea Pfeiffer, Grammy winner Catherine Russell, and Pop/Jazz and Country/Songbook stars Trist Curless and Mandy Barnett, respectively. To ensure that each student has the opportunity to work LIVE with at least one guest mentor, we will randomly select and assign students to specific guest mentors prior to Songbook Academy week. You will receive these assignments in addition to your Group (A or B) assignment via email soon! Please note that the public masterclass with Michael Feinstein and Telly Leung will take place on Tuesday EVENING at 8pm EDT.

Team Time:

Each day you will have the opportunity to work intimately with your Music Director, Vocal Coach and fellow teammates! Sometimes you will work as a full team, while at others you will work in small groups of four. Additionally, you will have a 30-minute individual check-in/session with your MD and Vocal Coach during the week. Specific individual session assignments (noted on the schedule as *Ind. sessions) coming soon.

Artist Spotlights:

The new Songbook Academy 2021 Artist Spotlight series offers interactive talkback opportunities with professional artists from across the music industry who are currently re-interpreting the Songbook in new and exciting ways. This year's Artist Spotlights feature Country/Songbook singer Mandy Barnett and South African-born jazz vocalist and composer Vuyo Sotashe!

Social and Special Events:

Each night you will have the opportunity to meet, greet and hangout with fellow Songbook Academy students from across the country. The format will allow you the autonomy to move around to different "tables" as you choose. Additionally, we look forward to hosting a team hangout, alumni talkback and of course, the ever popular Mentor Performance night where you will hear your MDs, Vocal Coaches and other special guests perform for YOU!
